

Technical Data Sheet

EGYPTIAN LOOFAH / LUFFA Vegetal exfoliating

Nature for Body Care

Loofah Products:

Loofah for bath

Loofah Soap

Loofah Powder

First quality Egyptian loofah accessories provide soft and efficient skin exfoliation.

Gloves back strap, natural loofah and other shapes of accessories fit for all body parts.

100% natural and biodegradable, the vegetal loofah fibers provide deep cleansing and invigorating effect on skin.

Natural components of soap gently nourish and moisturize your skin.

Loofah gives good scrub effect.

It helps your skin become renewed and stimulates blood flow.

Also loofah soap is an excellent massager.

Loofah exfoliate is presented as a powder made of particles which are very homogeneous in size.

It allows an accurate and soft exfoliation.

Loofah exfoliate is easy to process in cosmetics as the fibers remain stable and hard in any kind of products, even in though containing a large amount of water.
